

Blanche Fierstein Scholarship

2022 APPLICATION

BLANCHE FIERSTEIN

Blanche Fierstein will be remembered as an uncompromising leader in the field of special education whose singular vision and ability to inspire others shaped special education curricula and created unprecedented opportunities for people with special needs.

Blanche was an educator, mother and tireless advocate. Her own daughter with special needs inspired her to become a special education teacher. Quickly rising through the NYC Department of Education, Blanche was appointed as Principal of the Queens Occupational Training Center. There she was at the forefront, creating practical curricula and quality standards in vocational training. Her groundbreaking work and tireless resolve helped shape vocational training across New York State.

She brought the same dedication to her volunteer service as she did to her professional life. She served as an officer of AHRC Nassau's Board of Directors for 10 years, as well as serving as a Board Member of AHRC New York City for more than 35 years, including 3 years as its President. She became a Lifetime Member of NYSARC in 1951, serving on numerous NYSARC committees and eventually serving as President of NYSARC for an unprecedented 13 years. Blanche played an integral role as a parent advocate for the implementation of Governor George Pataki's innovative New York State CARES initiative.

She had a gift in articulating the deepest aspirations of individuals, families and parents. Blanche's powerful and poignant words inspired others to take action. *"We brought light into the dark places. Our children are celebrated not tolerated. We dared to dream for our children and we realized the power of that dream. Our children participate in the American experience. The test is to insure that this continues. We face that challenge together."*

The Blanche Fierstein Memorial Scholarship seeks to commemorate the extraordinary contributions of Blanche Fierstein by its support of exceptional candidates pursuing advanced degrees in the field of special education.
